Subject: September 14 & 15

A quick note as I head for an interview with Israeli Channel 10. Have done intensive work today with regional media, including CNN-I, AJ and AJE, about 10 in all when the evening winds down. We have had a good day in shaping the outcome of today's activity. Coverage has been broadly supportive. The Palestinians went somewhat negative on Andrea Mitchell's show, but I appeared as did Michael Oren and we balanced that out fairly well. [REDACTED]
