1.4(D)

I just connected with French Amb Delattre. He very much appreciated the call, and for "showing solidarity in a meaningful way" with their loss. He also expressed condolences for our own loss of 6 Marines today. [redacted]

I also reached out to the French SRAP, but we missed each other by phone, and given the late hour, I sent him an email expressing condolences. Please pass this info along, as appropriate, to others with interest in this in the bldg, incl EUR and the 7<sup>th</sup> fl. Thx.

In that case, we may want to wait on the Amb call until after the Juppe call has happened.

Thanks Basant. IPT – have you given input for the S call sheet?

Adding Stephanie Gilbert, who is with MG and can let him know.

Thank you.

P is with the political directors today. She conveyed to her French counterpart our condolences and requested that they not do anything rash in light of Sarkozy's comments.  
I understand a S call to Juppe is in the works.
