Joe--

This was on the merits--you earned it, and I'm thrilled for you and Carol. And, besides, once I'm a woman of leisure, I may find myself in Vienna needing some company!

Thanks for everything, H

Subject: Noms voted out

Madam Secretary:

I am sure you have heard, all your noms got through the Senate last night. And at least one of them knows all you have done to support his nomination and his work over these past years.

I won't confuse victory and valedictory: today Carol and I are celebrating a success, and are grateful for your backing every step of the way.

Sincerely,

Joe
