Subject: Re: Honduras Update

I just spoke to AC. He confirms that Maduro and Z are in Managua. Holguin should be just arriving in Colombia. They are waiting to hear from Holguin tonight or tomorrow morning after she gets word from Maduro that agreement has been reached on text of document. He confirmed that Maduro had agreed to 90-95 percent of document this morning. Holguin had urged Maduro not to propose anymore changes. Maduro asked for 48 hours to "socialize" document w ALBA-MERCOSUR. The document is titled "Cartagena de Las Indias -- Honduras.". The document is a proposal from PL, witnessed by Santos and Chavez, to Z. He said all four will sign document. He said he will let us know when-if he hears something. Hugo

Subject: RE: Honduras Update

ALL: I spoke to Vice President Bogran and later met with FM Canahuati who participated in the negotiations with Holguin. [REDACTED]

[REDACTED]

Canahuati was confident that a deal was at hand. He also confirmed that Maduro had played a critically positive role. [REDACTED]

[REDACTED]

[REDACTED] He said ultimately Maduro intervened and accepted most of the Honduras draft response, which had been sent at about 2 AM. Maduro had responded to this draft with a draft of his own that had accepted nearly the entire GOH text with a few edits. Canahuati claimed that Argentina had indicated that it would follow Venezuela's lead. He said the information they were getting from Colombia was that Brazil was also turning around and that Bolivia and possibly Ecuador were being brought around to support Honduras.

Report from President Colom. He spoke to President Rousseff's team -- possibly Marco Aurelio Garcia. According to Colom, Brazil will not oppose Honduras' reintegration. They recognize Lobo's efforts.

Spoke to AC. Again, big, positive change in negotiation tempo this morning [redacted]
 [redacted] Maduro responded well to the last Honduran proposal sent at 2 AM. Maduro seized the initiative and has put maximum pressure on Z. Holguin and Hondurans are in direct contact w Maduro and Z. He is hopeful.

The Accompaniment Mission is to be created to monitor the Resistance's application to become a party. It will include Col, Ven, Dr, Mex and Brazil. Hugo

I just received a call from McKinley who was in a meeting with President Santos. Santos has been in touch with Holguin and they are encouraged about the progress made with Lobo-- it tracks what Hugo just reported. Mike said that the President advised that we refrain from contacts pointing to Plan B until this process plays itsel through.
