B6

Ambassador Llorens reports that the Hondurans have reached a final agreement on the Cartagena resolution. The Government of Honduras plans to announce the agreement shortly, and the Colombians and Venezuelans will organize a formal roll-out in the coming days, which will likely involve a ceremony in which Zelaya, Lobo, Santos and Chavez will participate.

We are trying to obtain a copy of the final text. More details from Post will be included in a forthcoming cable on the high side.
