B6

I can arrange it, no worries. There are a series of Hill meetings tomorrow, but I'm sure we can work to find some time.

I know Dean Ornish from the Obama campaign. If you want to have them contact me, I'll work this out. Thanks and hope you're well.

Subject: Question

Neera--

A group of three doctors who practice functional integrative medicine-- Dean Ornish, Mark Hyman and Michael Roizen--want to meet w Nancy Ann when they're in town to meet w Baucus and other Members of Congress tomorrow, June 10. They're on the Hill at 4 so they could meet before that or in the evening.

I think it's important because if we don't incentivize people to practice better health habits, we'll not realize the savings everyone seeks. Should I call Nancy Ann or could you arrange? Pls let me know. Onward----Hillary
