FROM: CA – Michae	el D. Kirby, Acting	
SUBJECT: Device Detor	nated on NW 253 landing in Detroit on Christmas Day	
		1
_	r Farooq Abdulmutallab tried to detonate a small explosive device attached to his leg on NW 253 1:53 A.M. EST on Christmas. Abdulmutallab received third degree burns and one other passenger

	well before, according to his own accounts, he was	
radicalized in Yemen.	(via the	
mandatory monthly mi	ission-wide terrorist reporting cable known as the VISA VIPER report).	
	and there was no recommendation to State to revoke the	B7(E)
visa because the inform	mation, at the time, was very limited and inconclusive.

DHS is planning a number of mitigation measures to protect against another attempt, which will result in longer passenger clearance procedures. We will provide additional information as it becomes available. As in any case where a visa holder is involved in a serious abuse of his or her visa, we will review our procedures. We will also coordinate with the interagency community.
