Subject: Re: Help for dying patients

B6

Thank you so much for your help General. We are here now. Communication is poor. We have now night coming. Have done dozens of surgeries today. No NGO doctors will stay after dark because we have no security. And patients who have had sugery will die without post op care.

We can't protect supplies or water. Gates are flooded with people not sick looking for food water etc.

Can you help get some security here tonight.

We will be here all dy and would welcome your visit. We were very Happy to see and get some help from your soldiers.

Thank you for your help.

Mark Hyman, MD
