B6

Jake and Huma:

is in Romania at the Emergency Transit Center (UNHCR). Her case likely will be formally referred to us next week. We are working with DHS to get their adjudication officers into Romania as quickly as possible. The long pole in the tent is the security background check (dozens of steps). Hopefully, we can have this wrapped up in a matter of weeks rather than the months it usually takes. Everyone involved understands we need to expedite her resettlement.

Dave
