Subject: Egypt airlift

Latest from post:

Huma, please let the Secretary know that four U.S. military planes (two C-130s and two KC-103s) will start landing in Djerba, Tunisia in about 90 minutes to collect 300 Egyptian refugees and take them to Cairo; Margaret Scobey has worked through arrangements for reception with Egyptians. US military is on standby to continue operations over the next several days; our team on the ground on Djerba will stand up more missions as required.
