B6

Jeanne called and said she was following up for you.

Tom only got a call after my call to you.

I don't understand the contours of it still and OPIC is a development priority an equity but since I don't know what the what is, I am going to manage for it after it occurs.

Strikes me as odd, given my conv 5 or 6 mos ago (where was advised ult not likely to go forward and I expressed State equities in opic in resp to inquiry I made after learning from opic was under discussion) that this is how it shakes out after no other dicussion or notice.

Cheryl

Never heard back from you -- let me know if you still want to talk about OPIC?

You around this weekend? Would appreciate a few minutes to talk as I think things through.

Safe travels.
