Subject: Possible NDI endgame?

Yousef al Otaiba flew in unexpectedly today and told me I would be meeting with him and ABZ on NDI. I have now been summoned for the meeting (unusual for a Friday night). I am sincerely hoping that this is the endgame now the case has been set at two misdemeanors over licenses. I have not yet alerted Ken Wollack as I would rather wait to see what ABZ will say. He has so far played no role in this issue. I will email when the meeting is over in about 2 hours--hopefully to say this sad saga is over--perhaps with more than finger wagging.

If MEPI comes up I will defer to Washington following the very good discussion we had here with Ash yesterday.

Patrick, can you pls. forward to Nides' staff as he called YAO on this issue a week ago (and others in State as appropriate--Or maybe my report after the meeting) Michael
