I received the readout below from HHS.

From HHS:

[Close Hold; please do not circulate]

I have already briefed Tom Frieden by phone and have a call in to Eric Goosby.

The call lasted 11 minutes and went very, very well.

Bill Corr and I were in the room, but it was not on speaker phone. We heard only the Secretary's voice, but she recounted the main Clinton points for us when it concluded.

Opening chit-chat

KGS: We support what USAID is trying to do in moving away from dependence on contractors. [redacted] CDC has cooperative agreements in 63 countries, with audits and reporting and long-standing ties. Repeating what we have already done [redacted] duplicates [redacted] CDC's relationship with Ministries of Health.

HRC: [redacted]

KGS:

And I understand Eric Goosby – I don't want to speak for him, but I understand he agrees.

HRC: Oh, he agrees strongly.

I'll work from my perch to try to resolve this. Who on your side should Cheryl Mills contact? Not the same people who have been at the table, but someone who can cut through.

KGS: She should get in touch with my Deputy Secretary Bill Corr

HRC: She will.

Dear Cheryl,

Attached please find a draft call sheet for today's call with Secretary Sebelius, which includes input from USAID, Eric Goosby and the OGAC staff, and Lois, and incorporates background information from HHS and CDC.

We are in the process of clearing this within State. Please let me know if we can provide you with any additional information or text.

Thank you.
