Well... I traced it to a Facebook page called "Being Liberal" which seems to be outstanding... I joined it. The banner (graphic) is stunning... they (or he or she... whoever does this site) seem to be into doing these digital posters such as the one with your image and quote... I seem quite a few posted thru their page of others... Yours was posted 2 hours ago and has over 2,000 likes in that short period of time... its also been reposted to other pages over 600 times... which, strongly suggest we would find thousands of more "likes" by going to these pages... the one I left on page has been up less than an hour and has over 200 likes and a long stream of positive comments save some guy in Nashville who seems to be motivated to rant about the existence of hell... anyway... its taking Facebook by storm tonight with only the Duke basketball loss being competitive... the origin is that Facebook, "Being Liberal" ... I'm interested in who managed that page so I will let you know if I find out...
