Subject: RE: [REDACTED]

The International Fund for Ireland is an international organization created in 1986 by the British and Irish governments, with contributions from the US, EU and several Commonwealth countries (the US contributions are from ESF funds). The US doesn't have a seat on the board, but it does have an observer at board meetings. See: <http://www.internationalfundforireland.com/about-the-fund>

I doubt that USAID has anything to do with this position, since it is not one of the "Enterprise Funds" jointly managed by EUR and USAID, and USAID has never had any programs in or for Ireland as far as I know. If the US Observer position is like US representation to other international financial institutions like the World Bank and Asian Development Bank, it is handled by Treasury. I haven't been able to reach anyone in PPO today but will try again on Tuesday to confirm that this position is selected by PPO for Treasury.

[REDACTED]
Margaret

Subject: Re: [REDACTED]

[REDACTED] has mentioned this to me but I think she was told that there would be no movement until US AID was more settled. She has been getting Irish American members to write letters.

I think Sen Leahy has always had an interest in this position in the past so not sure if he has weighed in.

Subject:

Observer to the international fund for ireland. Apparently run out of USAID. Said she's been sending emails/letters and recommendation letters to us and wants to be seriously considered for the job. Hrc told her she doesn't know anything about it and will get on it asap. You guys know what she's talking about?
