So, before he departed Brussels he volunteered up his version of the chat w you. Short bottom line: need to beef up w more staff -- his most desirable solution was hire [Redacted] which he described as "longshot" but said u were looking into.

(David H version: need to find someone to do what I would be doing in DC but for my now increased role on inst'l dev???) We shld talk when u have moment.

(Am sure w Haiti etc u r swamped.)
