Chelsea, Hannah, and Bai....

I recently became the CEO of Suicide Prevention Initiatives, the leading nonprofit addressing suicide through direct treatment and research. Suicide is the 8th major cause of death worldwide. SPI's work extends to LGBT youth, college campuses, and rural China and Vietnam. Over the next year, because of the need, SPI is launching a number of initiatives to treat Iraq and Afghanistan veterans suffering from Post Traumatic Stress and at risk for suicide.

Today, we now lose more of our young men and women in uniform to suicide than to combat. The stresses of returning home, often isolated from your band of brothers and sisters, marked by visible and invisible scars of war, to a nation not at war is an incredible burden to bare. We lose a service member to suicide approximately every 36 hours. In July, the Army alone lost 33 active and reserve soldiers. And the VA estimates approximately 18 veterans take their lives everyday. As more American troops return home and transition from war zones, this issue will continue to require our urgent attention.

I'm currently hiring 2 full time staff members- a COO who must have non-profit financial management training and experience and a Director of Events and Donor relations. I've attached job descriptions. If you know of anyone, please send them my way.

Thanks ladies!!

xxooz
