And now President Moreno is recognizing all your effort and leadership, saying something like... "and Cheryl... who always keeps us running... at her own speed".
Great!

Subject: From Caracol

The Ambassador is speaking (in perfect creole!), and I got myself a picture with President Clinton. Very good second bests... as I would have loved to listen to your speech and then get a picture together. But this is going perfect, everyone is so happy, and you should feel happy and proud.
Hope to meet you soon,
AGUSTIN
