Madame Secretary -

Thank you for meeting with Asep Sulaeman, the Chairman of the local PNB Committee in Indonesia and the Sr VP for Exxon Mobil in Jakarta and Robin McClellan, a newly retired FSO who was the CG in Perth, Australia and is now employed by Exxon.

You briefly met Asep during the PNB dinner earlier this year and I spent time with them both in Jakarta last month. Indonesia promises to be a successful PNB country because like Turkey, a number of US companies are interested in participating.
