Loved seeing you the other night. And I miss you too. How about another women's dinner?

Also, I think your personal outreach will be crucial for Wendy. Can you get the Republican women to tell you they'll support her? As soon as we get a vote out of Kerry's Comm, we'll push hard for a vote. But to get the time on the calendar, we have to convince Harry Reid we will win. You and I can make this happen!! Onward to victory---H

Hi there. World. Leader. I feel like its 1000 yrs since we've talked. Thinking of u as 9/11 approaches n remembering that time together the sweet night of 9/10 when u threw. Kay a baby shower. ---that horrific next morn n all the wrenchng things that followed ----- you did so much and did it well----- you must be flooded with emotions n memories. For as awful as it was. There was. Leadership. and a sense of. National. Unity. Something. so wish we could get back to ----- was so proud of you then. And wanted to be a helping hand. And feel the same way now-----count on me in USS. And hope to see you soon -----ps wendy had her hearing today. She did well. Am working w. Kerry to get this thruASAP. You made a great choice.
