Subject: FW: Luncheon Speaker for Foreign Affairs Day

Pat, we need to nail down a speaker quickly. We have checked into the availability of Brzezinski and it looks like it is interested and available. The Secretary will not be in town on May 4. Steve

Subject: Luncheon Speaker for Foreign Affairs Day

Foreign Affairs Day is May 4 and we need to move quickly to secure a luncheon speaker for the event. We try to get an outside speaker to discuss international issues. Past luncheon speakers have included Senator Howard Baker, General James Jones, Ambassadors J. Stapleton Roy and Ryan Crocker, and Deputy Secretary William Burns. This year, we would like to invite Zbigniew Brzezinski (bio -- <http://csis.org/expert/zbigniew-brzezinski>), who is with the Center for Strategic and International Studies to

discuss his latest book, Strategic Vision: America and the Crisis of Global Power, that is an analysis of the strategic challenges facing the United States.
