Jake,

This is from an Afghan woman recent graduate of Wellesley, who works for me at CIC/NYU. Madeleine Albright said Hillary Clinton should see it, so I am sending it along.

Hi Barney,

I am sharing with you a short speech I delivered last night. Madeleine Albright spoke too. There were 300+ supporters and funders of Seeds of Peace including several Ambassadors at the event.

Dr. Albright had a warm response to my talk and said what I said about negotiations with the Taliban is very important. That on women's rights, I should connect with Hillary Clinton.

Best,

Parnian
