Subject: Update/ Reflections

Hi there. World. Leader. I feel like its 1000 yrs since we've talked. Thinking of u as 9/11 approaches n remembering that time together the sweet night of 9/10 when u threw. Kay a baby shower. ---that horrific next morn n all the wrenchng things that followed ----- you did so much and did it well----- you must be flooded with emotions n memories. For as awful as it was. There was. Leadership. and a sense of. National. Unity. Something. so wish we could get back to ----- was so proud of you then. And wanted to be a helping hand. And feel the same way now-----count on me in USS. And hope to see you soon -----ps wendy had her hearing today. She did well. Am working w. Kerry to get this thruASAP. You made a great choice. -
